Product description:

VITRIFRIGO IM XT OCX2 HYDRO ICE MAKER

The VITRIFRIGO IM XT OCX2 HYDRO ice maker represents the latest innovation in ice production.
This versatile device is available in both the HYDRO version, for direct connection to the boat's water system,
or in the REFILL version, which uses an internal tank for mineral water.

The Steelock system of the VITRIFRIGO IM XT OCX2 guarantees easy installation,
allowing full (Door Inside) or partial (Door Outside) recessed door configuration.
The Steelock handle is equipped with a vent position to ensure proper ventilation, while the new water holding tray
container facilitates use and maintenance.

The waterproof LED thermostat offers precise temperature control, with options down to -18°C and
an electronic water level sensor for the REFILL version. Additionally, an optional UV-C sanitization system is available,
which purifies the water of bacteria to ensure a hygienic and safe experience with the VITRIFRIGO IM XT OCX2.

With the VITRIFRIGO IM XT OCX2 HYDRO series, you can enjoy fresh, crystal-clear ice at all times, without worries.
Take full advantage of its advanced technical features, such as a production capacity of up to 8 kg/24h,
and make sure you always have high-quality ice available for your needs.

Technical specifications VITRIFRIGO IM XT OCX2 HYDRO:

Total capacity: 24
Power supply: 230 VAc
Nominal consumption: 180 W
Ice production Kg/24h: up to 8
Reversible door: yes
Total width: 416 mm
Total depth: 555 mm
Total height: 546 mm
Net weight: 25 Kg

Elevate your boating experience with the VITRIFRIGO IM XT OCX2 HYDRO ice maker, the epitome of convenience and sophistication on board.
