

FLEXIBLE EXHAUST PIPE D. 200 mm STAINLESS STEEL

Reference: INOX 200

The aim of flexible hoses is to absorb vibrations coming from the engine and from the rest of the exhaust. Flexible hoses can be of various sizes, from 30mm to 150mm, in ZINC or INOX. Our flexibles are produced with double lock-system to ensure maximum seal capacity and durability. XXL can guarantee complete adaptability of these products and premium quality thanks to raw materials and continuous technical controls aimed at ensuring the real functionality of products.
