

HONDA UM 536 EE2 Lawnmower

Reference: UM 536K3 EE 2

HONDA UM536EE2 LAWNMOWER

HONDA UM536EE2 petrol mower, professional, two-speed self-propelled with 53 cm blades and Roto-stop®. HONDA UM536EE2 is designed for the most difficult areas such as fields and roadside verges. Floating front wheels, hydrostatic control and blade stop control make work easier and increase safety.

Designed for cutting tall grass, HONDA UM536EE2 mower is ideal tool for the maintenance of demanding parks and gardens. Operation is extremely intuitive, with a foot control that allows you to choose between 4 mower cutting height settings. Use foot control to adjust the cutting height according to the length of grass and desired finish.

HONDA UM536EE2 - Reinforced cutting deck

The large cutting plates are made of pressed steel. Strong, lightweight and impact resistant, they have been treated to prevent rust, UV abrasion and corrosion. Simply put, HONDA UM 536 EE2 is an incredibly robust machine.

HONDA UM536EE2 - Professional engines for professional operators

The engine of HONDA UM 536 EE2 lawnmower has high-level features, including cast iron cylinder liners & high capacity air filters, making it ideal for professional use.

HONDA UM536EE2 - Roto-stop®

Roto-stop® allows you to stop the blades quickly & safely without turning off motor. This feature is ideal if you want to remove debris or stop blades in an emergency.
