

Honda HHB 36AXB Leaf Blower

Reference: HHB 36AXB E

Honda HHB 36AXB Battery Powered Cordless Leaf Blower

The Honda HHB 36AXB battery-powered leaf blower simplifies outdoor work and has a brushless electric motor, designed to provide all the power you need.

Thanks to the IPX4 waterproofing certification, the Honda HHB 36AXB cordless leaf blower can be used even in the rain.

The Honda HHB 36AXB battery-powered leaf blower can operate at variable speed with interchangeable nozzles, so it can adapt to dry, wet or heavy debris, whatever your job requires.

The belt mounted quick-release battery can be adjusted for left or right hand use, making the Honda HHB 36AXB even lighter. And with the quick charger you can recharge in minutes.
