FINI PIONEER OL232 OILLESS COAXIAL COMPRESSOR 2HP

FINI PIONEER OL232 is a compressor with a capacity of 10 l. It can deliver a maximum pressure of 10 bar by means of an OL232 pump with a power of 1.5KW.

Fini's silenced compressors are composed of powerful pumping units that guarantee very high efficiency and reliability at the highest level.

Fini PIONEER OL232 features an oilless pumping unit with an extremely quiet, maintenance-free and environmentally friendly low-speed motor, protected by a solid steel frame for easy handling.

The Fini is easily transportable due to its compact and lightweight size, which allows you to employ the FINI PIONEER as an emergency compressor.

Fini PIONEER are very quiet piston compressors designed and developed for all household jobs, hobbyist garage applications and craftsmen. Attention to every smallest detail, they are suitable for all applications that require low noise emissions.

Silenced compressor is an efficient way to solve the problem of noise in working environments, these compressors stand out in the market for the lowest noise level in the category.

With the oilless compressor there is no risk of staining anything or even the risk of polluting the air, precisely because the oil does not have to be put in.

You are calmer even when transporting by car, for example, since there is no danger that the compressor may, once upside down, leak oil and risk serious accidents.

FINI PIONEER OL232 stands as a reference for hobbyists who want a reliable, quiet, lightweight and high-performance machine.

It has a capacious 10-liter compressed air storage tank. It weighs 24 kg and can be easily transported thanks to its wheels and top handle.
