OFF BY INDEL B 220V SMART SWITCH TRANSFORMER

OFF BY INDEL B 220V SMART SWITCH TRANSFORMER FOR AIR CONDITIONER Plein-Aircon.

Wherever you are, enjoy the break without sacrificing the comfort of an ideal indoor temperature on hot summer nights. OFF BY INDEL B Plein-Aircon is the rooftop air conditioning system that celebrates the most authentic spirit of traveling in complete freedom and in contact with nature. It cools and dehumidifies the cell of campers, vans and motorhomes up to 6 meters without the need for connection to 220V power sources or auxiliary generators.

The Plein-Aircon 12V air conditioner is designed for rooftop installation at the sleeping area to improve comfort while stopping and sleeping at night, or to maintain the ideal temperature while driving and ensure optimal cold distribution. Compared to 220V-powered solutions Plein-AirCon eliminates the need to install an inverter or auxiliary combustion generator, significantly reduces energy consumption and dissipation, and eliminates CO2 emissions during layover.

SALE IS EXCLUSIVE IN COMBINATION WITH OFF BY INDEL B PLEIN-AIRCON AIR CONDITIONER
