

## RENTAL MOBILE AIR CONDITIONER 21000BTU/H

Reference: CONDIZIONATORE 21000BTU/H

### MOBILE AIR CONDITIONING RENTAL 21000BTU/H

Mobile Air Conditioning Rental 21000BTU/H represents the most effective and convenient solution to quickly eliminate heat and humidity from work environments, improving the well-being and efficiency of operators.

Each air conditioner is mobile and independent without the need for external units. It therefore does not require installation time and costs. Just a simple click is enough to generate a flow of cold air concentrated on a specific area without making noise, both in internal environments and in specific work areas in external environments, offering high cooling efficiency even at great distances from the unit.

The mobile rental product with a capacity of 21000BTU/h is equipped with a pair of extendable and flexible conveyors that allow you to channel cold air from every angle, reaching even difficult and narrow environments with the possibility of cooling different areas at the same time.

The rental will be supplied with a flexible hot air hose with a diameter of 30 cm and a length of 10 m.
