ITALTOWER WORKSITE ROUND LED CONSTRUCTION SITE LIGHTING 28 W

ITALTOWER WORKSITE ROUND is a high-efficiency LED construction light capable of delivering a power of 28 W, for a maximum luminous flux of 3500 lm.

ITALTOWER WORKSITE ROUND is equipped with an anti-reflective lens that is able, despite the surface opacity, to transmit up to 95% of the light emitted by the diodes. Each luminaire is equipped with a specially designed hook for suspension and a cable reel. Optionally, it can also be equipped with a magnet in the base, an option recommended to all our customers.

ITALTOWER WORKSITE ROUND is a lamp capable of illuminating in any direction ensuring uniform coverage throughout the room. The use of high quality LEDs allows a low power consumption, as evidenced by the ratio of light output / power consumption always above 120 lumens per watt.

TECHNICAL FEATURES ITALTOWER WORKSITE ROUND:

Luminous flux: 3500 lm
Power: 28 W
Voltage: 220 - 240 V
Frequency: 50 Hz
Socket: SCHUKO 220-240V
Inlet protection class: IP44/54
Shock protection class: IK10
Weight: 1,5 Kg

You can discover the full range of projectors and LED lamps of ITALTOWER in the section dedicated to [lamping-systems](#) portable.
