DOMETIC RCS 10.5T REFRIGERATOR 83l UNDER COUNTER COMPRESSOR

Reference: 9600028196

DOMETIC RCS 10.5T REFRIGERATOR 83l UNDER COUNTER COMPRESSOR

Dometic RCS 10,5T is a practical under couter refrigerator thanks to which you can take advantage of the space available in your vehicle that is usually wasted.

The Dometic RCS 10,5T boasts an elegant flush door and a versatile interior for smart storage. The double hinged door guarantees maximum practicality, as it can be opened on both sides with full-height aluminum handles. The high-performance compressor technology perfectly preserves fresh and frozen food even at high ambient temperatures.

Intuitive TFT controls allow you to adjust the temperature, switch to silent night mode or activate the boost function for super fast chilling. Also, if you want to use the entire space, simply remove the patented freezer compartment and position the shelves as needed.

DOMETIC RCS 10,5T is equipped with state-of-the-art CI-bus technology thanks to which you can monitor via a centralized control unit.

The Dometic RCS 10.5T compressor refrigerator works much better as it has better cooling power in relation to the outside ambient temperature. This means that if you are traveling to warmer areas in Europe or elsewhere, the compressor refrigerator is definitely your choice.

An absorption refrigerator will struggle to perform well in ambient temperatures above 31/32 degrees. DOMETIC RCS 10,5T are also more energy efficient. Another advantage is that since compressor refrigerators do not consume gas, it is not necessary to vent them to the outside and therefore it will not be necessary to drill a hole in the side of the van, the internal ventilation of the van will be sufficient.

DOMETIC RCS 10,5T TECHNICAL CHARACTERISTICS

Internal capacity: 83 l
Freezer capacity: 9.2 l
AC supply voltage: 230 V
DC supply voltage: 12 V
Frequency: 50 Hz
Current consumption: 5.9 A
Trays: 2
Ventilated: Yes
Control panel: TFT display
Interior light: Yes
Cooling technology: Compressor
Noise: 44 dB (A)
Refrigerant: R600a

Technical Sheet

Voltage (V)	12 / 230
Length (mm)	555
Width (mm)	523
Height (mm)	821
Dry weight (Kg)	24.5
Feed Type	12 V / 230 V
Product type	
Colour	Anthracite Black (P726)
Capacity of the refrigerator (L)	83
Freezer (L)	9.2
Climate class	ST
Thermostat control	TFT
Coolant	R600A
