INDEL B SLEEPING WELL AIRCON 1600 ROOF AIR CONDITIONER 1600W

Reference: SW024T26IB

INDEL B SLEEPING WELL AIRCON 1600 ROOF AIR CONDITIONER 1600W

INDEL B SLEEPING WELL AIRCON 1600 is an air conditioner equipped with 24V power supply for campers, vans and semi-integrated, it is powered by only the auxiliary battery, without installing inverters or generators.

Wherever you are, enjoy your break without sacrificing the comfort of an ideal indoor temperature on hot summer nights. INDEL B SLEEPING WELL AIRCON 1600 compact and light but incredibly powerful, capable of delivering a cooling power of 1600W.

The INDEL B SLEEPING WELL AIRCON 1600 air conditioner is designed for roof installation in correspondence with the passenger compartment to improve comfort while driving and ensure optimal distribution of the cold. INDEL B SLEEPING WELL AIRCON 1600 eliminates the need to install an inverter or an auxiliary combustion generator, considerably reduces consumption and energy dispersion and eliminates CO2 emissions during parking.

Thanks to the numerous kits available, the INDEL B SLEEPING WELL AIRCON 1600 roof air conditioner can be installed on a large number of vehicles in a simple and practical way. Moreover, thanks to its small size, it does not require excessive labor for installation and does not change the dimensions of the passenger compartment.

TECHNICAL FEATURES OF ROOF AIR CONDITIONER INDEL B SLEEPING WELL AIRCON 1600

Input voltage: 24V DC
Refrigerant gas: R134A
Cooling capacity: 1600 Watt
24V power consumption: 23 amp / h
Digital control: Yes
Remote control: Yes
Battery protection: Yes
Interchangeable internal filters: Yes
Width: 140 mm
Length: 920 mm
Height: 645 mm
Weight: 23 Kg
