

EcoFlow Battery 5kWh

Reference: 5002101001

EcoFlow Battery 5kWh

The LFP 5120Wh battery for EcoFlows Power Kit is a power supply designed for caravans with integrated BMS. The LFP 5120 Wh battery for EcoFlow Power Kit is compact, easy to install and modularly expandable.

In addition, the LFP 5120 Wh battery has an automatic heating system that ensures safe charging of the battery at temperatures between -20°C and 50°C. The battery can be conveniently connected to the EcoFlow Power Kit Hub via Plug&Play.

Technical characteristics EcoFlow Battery 5kWh

Rated capacity: 5120 Wh (100 Ah)
Rated voltage: 51.2 V
Configuration: 16S2P
Charging voltage: 57.6 V
Discharge voltage: 40 V
Maximum continuous charging current: 80A
Maximum continuous discharge current: 100A
Battery chemistry: LiFePO4
Cycle life: 3500 cycles up to 80% capacity
IP degree of protection: IP54
Width: 500mm
Length: 260 mm
Height: 300 mm
Weight: 40 kg
