OSMOSEA NEW12S 80 NAUTICAL WATERMAKER 80 L/H

Reference: A-0000002349

OSMOSEA NEW12S 80 NAUTICAL WATERMAKER 80 L/H

The OSMOSEA NEW12S 80 watermaker is a monoblock reverse osmosis system equipped with 2 carbon 2540 vessel, capable of producing up to 80 L/h of fresh water.

The OSMOSEA NEW12S 80 marine watermaker offers you the possibility of having fresh and clean water wherever you are in open sea. Thanks to the reverse osmosis technology, this watermaker removes salt and other impurities from seawater to provide you with fresh drinking water in quantities of up to 80 liters per hour.

The OSMOSEA NEW12S 80 watermaker has been designed to be compact and reliable. Thanks to its design, the watermaker can be easily installed on any boat, taking up little space. The system has been tested and proven to ensure long-lasting and superior reliability. The OSMOSEA NEW12S 80 watermaker comes with all the necessary accessories for installation, so you can start using it right after purchase.

With the OSMOSEA NEW12S 80, you don't have to worry about finding a source of fresh water when you are in open sea. This marine watermaker is easy to install and can be used in any situation, from anchoring to high-sea navigation. Furthermore, thanks to its fresh water production capacity, you can always have fresh water for cleaning and cooking, eliminating the need to carry drinking water in bottles.

The OSMOSEA NEW12S 80 watermaker comes complete with:

? Remote panel.
? Watermaker digital control unit.
? Feed pump.
? N. 1 Pre-filter with preinstalled cartridge.
? N. 1 Post-filter with preinstalled carbon cartridge.
? N. 1 Flushing filter with preinstalled carbon cartridge.
? N. 1 Anti-algae filter.
? N. 1 Tee with non-return valve.

TECHNICAL SPECIFICATIONS OSMOSEA NEW12S 80

Production: 80 L/h
Daily production: 1920 L/day
Number of vessels: 2
Vessel type: 2540 carbon
Membranes: high efficiency
Salt rejection: 99.4%
Pressure regulation: automatic
