

STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

Reference: SC25000

STAR COOLER SC25000 MOBILE AIR CONDITIONER 25000BTU/H

The STAR COOLER SC25000 mobile air conditioner represents the most effective and convenient solution to quickly eliminate heat and humidity from work environments, improving the well-being and efficiency of operators.

Each STAR COOLER SC25000 air conditioner is mobile and independent without the need for external units. It therefore does not require installation time and costs. Just a simple click is enough to generate a flow of cold air concentrated on a specific area without making noise, both in internal environments and in specific work areas in external environments, offering high cooling efficiency even at great distances from the unit.

The air conditioner is equipped with a pair of extendable and flexible conveyors that allow you to channel cold air from every angle, reaching even difficult and narrow environments with the possibility of cooling different areas at the same time.

Technical characteristics of the mobile air conditioner STAR COOLER SC2500

Cooling capacity: 25000BTU/h
Condenser air flow: 2009 - 2497 m³/h
Evaporator air flow: 985 - 1104 m³/h
Cooled area: 60 - 80 m²
Condensate tank: 18 l
Voltage: 230 V
Frequency: 50 Hz
Phase type: Single phase
Refrigerant: R-410A
Duct diameter: 40 cm
Width: 560 mm
Length: 730 mm
Height: 1300 mm
Net weight: 96 Kg
Consumption (Watt): 2680

Are you looking for an air conditioner with different technical characteristics? [HERE](#) you can find the entire range of air conditioners from specialized brands.

Technical Sheet

Voltage (V)

230

Refrigerating yield	25000BTU/h
Maximum air flow rate (m ³ /h)	2497
Width (mm)	730
Height (mm)	1300
Product type	Air conditioner
Weight (Kg)	96
Consumption (Watts)	2680
