

Dometic Winter AIR PVC

Reference:

Dometic Winter AIR PVC

The Dometic Winter AIR PVC is the ideal awning for both campers and caravans. Made of durable Weathershield™ PVC, it guarantees high weather resistance, making it perfect even for use in low season and in difficult weather conditions.

The single-point inflation design ensures quick and effortless setup, while the double keder offers compatibility and secure attachment to the vehicle. The double mudwall, sturdy storm straps, and reinforced pegs increase stability and protection even in strong winds.

The roll-up entrance door makes access easy, and oversized zipper pulls improve ease of use even in cold temperatures. Completely waterproof, Winter AIR PVC is the reliable solution for those seeking comfort, durability, and functionality in every season.

Main features:

- Single-point inflation
- Double keder connection
- Weathershield™ PVC material
