VITRIFRIGO VF16P Portable Fridge-Freezer

Reference: 1301-0003

VITRIFRIGO VF16P PORTABLE FRIDGE-FREEZER

The VITRIFRIGO VF16P, part of the renowned Vfree series,
is a portable fridge-freezer that offers a total capacity of 16 liters.
Lightweight with a net weight of just 8 kg, it is designed to be versatile and convenient for use in a variety of settings.
With a wide range of power options including 12/24Vdc and 100-240Vac at 50/60Hz,
the VITRIFRIGO VF16P is adaptable to different power sources,
ensuring its practicality wherever you go.

The nominal energy consumption is only 45W, making it energy efficient.
With compact dimensions of 240 mm width, 420 mm height, and 560 mm depth,
it easily fits into tight spaces without compromising internal capacity.
With an energy class A rating, the VITRIFRIGO VF16P is designed to deliver optimal performance with minimal energy consumption.

The temperature range of the VITRIFRIGO VF16P varies from +10°C to -18°C internally,
allowing for optimal preservation of food and beverages at desired temperatures.
The intuitive control panel facilitates temperature adjustment according to your needs.

The VITRIFRIGO VF16P provides easy access to your food and drinks,
ensuring a convenient user experience. The internal LED light improves visibility inside,
allowing you to easily find what you need even in the dark.

The dual power capability, with the ability to operate on both direct current (12/24Vdc) and alternating current (100/240Vac),
ensures maximum operational flexibility,
while the external power supply adds additional convenience for trouble-free use.

In summary, the VITRIFRIGO VF16P is the ideal choice for those seeking a reliable, efficient, and
versatile portable fridge-freezer suitable for a wide range of applications.
With its advanced features and reliable performance,
the VITRIFRIGO VF16P stands out as an essential travel companion for road trips, camping, hiking,
and much more.

Technical Specifications VITRIFRIGO VF16P:

Total capacity litres: 16
Net weight: 8 Kg
Power supply: 12/24Vdc - 100-240Vac 50/60Hz
Nominal consumption: 45W
Total width: 240 mm.
Total height: 420 mm.
