

VITRIFRIGO DW180 OCX2 DTX IM Refrigerator-freezers

Reference: 0402-0299

VITRIFRIGO DW180 OCX2 DTX IM FRIDGE-FREEZERS

The double drawer stainless steel fridge-freezer, **DW180 OCX2 DTX**, has a **total capacity of 144 litres**, divided into: **80 litres** of freezer (upper drawer) and **64 litres** of refrigerator (lower drawer).

Both drawers can accommodate bottles up to **310 mm** in height.

With **12-24 Vdc power supply** the refrigerator has a consumption of **700 Wh/24h**.

The model is equipped with **R600a gas compressor** and has **internal refrigeration unit**.

The position of the door, **flush or external**, is achieved by simply moving the special single fixing profile in **stainless steel**, supplied as standard and equipped with slots, which promote better air circulation and greater refrigeration efficiency.

The new sliding guides guarantee **perfect closure** and a delicate and silent movement. Equipped with **internal LED light**.

The device integrated into the Steelock handle creates the **"vent position" function**,

allowing the door to be kept slightly ajar when not in use, preventing the formation of mold and unpleasant odors.

Technical Features VITRIFRIGODW180 OCX2 DTX IM:

- Door finish: Stainless steel
- Door color: Steel Stainless Steel
- Capacity: 144 l
- Height: 881 mm
- Width: 666 mm
- Depth: 599 mm
- Weight: 56 kg
- Series: DW OCX2
- Reversible door: No
- Thermostat: LED
- Refrigeration technology: Compressor
- Motor unit: Internal
- Door opening: Swing drawer
- Power supply: 12-24Vdc 12-24Vdc
