BM2 SUSETTE 15015 High Pressure Washer 150 bar

Reference: 01SA43

BM2 SUSETTE 15015 HIGH PRESSURE WASHER 150 BAR

The BM2 SUSETTE 15015 High Pressure Washer 150 bar offers an excellent solution for high-pressure cleaning in the professional sector. Equipped with advanced technologies and innovative features, it is designed to ensure optimal performance in a wide range of applications.

The BM2 SUSETTE 15015 is equipped with the ACDS2 system, which provides advanced control with delayed shutdown and the ability to connect to a diagnostic reader for precise performance monitoring. The pumps with ceramic pistons and brass head ensure exceptional durability and constant pressure during use, while the 1450 rpm motor provides reliable power.

The protection of the motor/pump coupling with special lubricant containment systems ensures greater durability and reliability of the system, while next-generation pumps, such as those of the BM2 SUSETTE 15015 model, ensure high performance with reduced maintenance. The pressure and steam production regulation valve allows effective delivery of high-pressure detergent.

The BM2 SUSETTE 15015 is equipped with a range of features designed to maximize convenience and usability. These include a feeder water tank with float valve, an externally inspectable water filter, and a boiler pre-ventilation system for quick startup.

The machine is designed with particular attention to safety and durability, with motor thermal protection, automatic shutdown after 20 minutes of non-use, and integrated leakage control. It is also predisposed for optional installation of a limescale kit to protect the system from deposits.

The BM2 SUSETTE 15015 150 bar offers easy portability and maneuverability, with two free wheels and two swivel wheels with brakes for greater stability and control during use. With high-level technical specifications, including a maximum pressure of 150 bar, a maximum flow rate of 900 Lt./h, and a maximum temperature of 140 °C, it is capable of tackling the most challenging tasks with ease and efficiency.

The BM2 SUSETTE 15015 High Pressure Washer is the ideal choice for those seeking excellent high-pressure cleaning performance in the professional sector. With its advanced features and robust design, it represents a reliable and cost-effective solution for a wide range of applications.

Technical Features BM2 SUSETTE 15015:

Man.El.Service Srl
Torino: +39 011 25 35 33 I Milano: +39 02 83 62 30 79

PIVA 09031950018 - Num. REA: 1020262
SDI 5RUO82D Cap. Soc. € 20.000 I.V

Phase type: Three-phase
Fuel: Diesel
Frequency: 50 Hz
Voltage: 400 V
Maximum pressure: 150 bar - 15 MPa - 2180 psi
Maximum flow rate: 900 Lt./h
Pump: IP E2
Shut-off system: ACDS
Pump rotation: 1450 rpm
Max. power consumption: 4.7 KW
Power supply: 400V - 3ph - 50Hz
Mas temperature: 140 °C
Diesel tank: 35 lt
Detergent tank: 3 lt
Length: 956 mm
Width: 610 mm
Height: 940 mm
Weight: 123 Kg.

Technical Sheet

Phase	Three phase
Fuel	Diesel
Frequency (Hz)	50
Voltage (V)	400
Pump type	IP E2
Maximum output capacity (Lt/min)	900
Transportability	Wheels and handles
Fuel tank capacity (L)	35
Length (mm)	956
Width (mm)	610
Height (mm)	940
Dry weight (Kg)	123
Feed Type	400V - 3ph - 50Hz
maximum water temperature (°C)	140
Maximum input power (KW)	4.7
Pump rotation (rpm)	1450
Maximum pressure (bar-MPa-psi)	150 - 15 - 2180
