BM2 STX 19019 Plus High Pressure Washer 190 bar

Reference: 01SX20

BM2 STX 19019 PLUS HIGH PRESSURE WASHER 190 BAR

The BM2 STX 19019 PLUS High Pressure Washer with 190 bar is the epitome of innovation in the field of high-pressure cleaning equipment. With an ergonomic design and advanced technical features, the BM2 STX 19019 PLUS 190 bar stands out for its reliability and superior performance.

Equipped with ceramic pistons and brass head, the BM2 STX 19019 PLUS ensures a constant and powerful flow to tackle even the most stubborn dirt. Thanks to their innovative design, these pumps offer unmatched efficiency and require minimal maintenance, ensuring optimal long-term performance.

The 1450 rpm motor ensures constant power and extended durability, while the AISI 430 stainless steel cover protects the entire structure of the BM2 STX 19019 PLUS 190 bar from corrosion and atmospheric agents, ensuring long-term durability.

The BM2 STX 19019 PLUS High Pressure Washer is equipped with a motor/pump coupling protection system with a special lubricant containment system, ensuring safe operation in any situation.
The pressure regulation valve allows easy adjustment of the delivery power to specific cleaning needs, while the ability to dispense high-pressure detergent ensures impeccable results on any surface.

The integrated boiler, with a efficiency exceeding 89%, ensures effective dirt removal even in the most stubborn conditions. Thanks to pre-ventilation and leak control, the BM2 STX 19019 PLUS ensures safe and efficient use, minimizing energy and water consumption.

The BM2 STX 19019 PLUS includes several advanced features, such as LED indication for diesel shortage with boiler shutdown and automatic shutdown after 20 minutes of inactivity. With a 35-liter tank capacity and a length of 956 mm, this pressure washer offers excellent performance in a versatile and compact design.

In conclusion, the BM2 STX 19019 PLUS High Pressure Washer with 190 bar is the ideal choice for professionals and enthusiasts alike, thanks to its high performance, reliability, and ease of use. With a maximum pressure of 190 bar and a maximum flow rate of 1140 Lt./h, the BM2 STX 19019 PLUS is ready to tackle any cleaning challenge with ease and precision.

Technical Features BM2 STX 19019 PLUS:

Phase type: Three-phase
Supply voltage: 400 V
Frequency: 50 Hz
Maximum pressure: 190 bar - 19 Mpa - 2755 psi

Maximum flow rate: 1140 Lt./h
Pump: IP E3
Shutoff System: ACDS
Pump rotation: 1450 rpm
Maximum power consumption: 8.0 KW
Power supply: 400 V - 3ph - 50 Hz
Maximum temperature: 140 °C
Tank capacity: 35 lt
Detergent tank capacity: 3 lt
Length: 956 mm.
Width: 610 mm.
Height: 940 mm.
Weight: 160 Kg.

Technical Sheet

Phase	Three phase
Fuel	Diesel
Frequency (Hz)	50
Voltage (V)	400
Pump type	IP E3
Maximum output capacity (Lt/min)	1140
Tank capacity (L)	35
Transportability	Wheels and handles
Length (mm)	956
Width (mm)	610
Height (mm)	940
Dry weight (Kg)	160
Feed Type	400V - 3ph - 50Hz
maximum water temperature (°C)	140
Maximum input power (KW)	8.0
Pump rotation (rpm)	1450
Maximum pressure (bar-MPa-psi)	190 - 19 - 2755
Stop system	ACDS
