DOMETIC FRESHWELL FWX4 AIR CONDITIONER

Dometic FreshWell FWX4: Freshness and comfort on every journey, for motorhomes up to 8 metres

Dometic FreshWell FWX4 is a built-in air conditioner designed to provide a flawless air conditioning experience inside your motorhome, ensuring freshness and comfort during your adventures on the road

Powerful and compact cooling:

Ideal for motorhomes up to 8 metres: With its 2000W cooling capacity, the Dometic FreshWell FWX4 ensures an ideal temperature even in the largest vehicles.

Space-saving design: Easily installed inside the motorhome, without compromising on interior roominess, making the best use of available space.

Customised air distribution:

Adjustable air distribution system: Direct the air flow according to your needs, concentrating it in a specific area or distributing it evenly throughout the motorhome.

Remote control: Conveniently manage all air conditioner functions remotely, without having to get up from your seat.

Efficiency and high performance:

Efficient refrigeration: The new room temperature probe ensures precise temperature control, optimising energy consumption and reducing costs.

Heating capability: In addition to cooling your motorhome during hot days, the Dometic FreshWell FWX4 can also heat it during cooler seasons, ensuring a comfortable climate all year round.

Technical specifications:

Length: 628 mm
