

Hyundai 65704 Silenced Compressor 100LT

Reference: 65704

HYUNDAI 65704 Silent Compressor

Hyundai 65704: A powerful and silent compressor for your needs

The Hyundai 65704 compressor is an air compressor model designed to offer high performance and quiet operation, ideal for a wide range of domestic and semi-professional applications.

Key features:

100 litre tank capacity: Provides extended working autonomy, allowing you to complete various tasks without having to refill the tank frequently.

8 bar pressure: Provides enough power to tackle a variety of jobs, such as inflating tyres, painting, nailing and screwing.

2.2 kW / 3.0 HP electric motor: Provides high power for efficient air compression.

230V/50Hz power supply: Compatible with most domestic electrical systems.

Measured noise level of only 75 dBA: Minimises noise pollution, making it a quiet and comfortable compressor to use.

1400 RPM: Ensures efficient and balanced operation.

Insulation class B: Protects the compressor from overloads and short circuits.

Air delivery 480 L/min: Allows fast filling of the tank.

Output power 270 L/min: Ensures a constant and powerful air flow.

2 fixed castors and 1 pivoting castor: Make it easy to transport the compressor in any environment.

Net weight 55 kg, gross weight 57 kg: Robust yet easily transportable.

Compact dimensions 1090x430x860 mm: For easy storage when not in use.

Advantages of the Hyundai 65704 compressor:

Powerful and versatile: Ideal for multiple tasks, from domestic to semi-professional use.

Quiet: Minimises noise, allowing you to work comfortably.

Reliable: Built with high-quality materials to ensure long-lasting performance.

Easy to use: Intuitive design and simple controls.

Transportable: The wheels and handle make it easy to move from place to place.

Technical features:

Tank capacity: 100L

Pressure: 8 bar

Power/Voltage: 2.2 Kw/ 3.0HP - 230V/50Hz

Noise measured: 75 dBA

RPM: 1400 RPM

Insulation class: B

Air intake: 480 L/min

Power output: 270 L/min

No. of wheels: 2 + 1 Pivoting
Net/gross weight: 55/57 kg
Product dimensions: 1090x430x860 mm

Technical Sheet

Phase	Single phase
Frequency (Hz)	50
Voltage (V)	230
Engine rpm (rpm)	1400
Net power (kW)	2.2
Intake air (L/m)	480
Number of wheels	2 + 1 pivot
Motor insulation class	B
Pressure (bars)	3.5
Tank capacity (L)	100
Cylinder diameter (mm)	55
Product dimensions (mm)	1090 x 430 x 860
Gross weight (Kg)	57
