The Osmosea OsmoBoat Ice 340W is the ideal choice for those who want pure, safe and tasty water for themselves and their family.

Osmosea OsmoBoat Ice Potabiliser 340W: your ally for healthy and tasty living!

Invest in your health and the well-being of your family. Choose Osmosea OsmoBoat Ice.

Osmosea OsmoBoat Ice: a jewel of technology for your home.

Choose eco-sustainability without sacrificing taste. Osmosea OsmoBoat Ice is your green choice.

Technical characteristics Osmosea OsmoBoat Ice Potabiliser 340W:

Max input water conductivity: 2000 TDS
Cooling system: dry with aluminium block
Cooling capacity: 25 lt/h
Membranes: 2 x 1812
Sediment pre-filter: 5 Micron
Activated Carbon pre-filter: Yes
Alkaliniser post filter: yes
Water inlet connection: 10 mm
Water outlet connection Ambient temperature: 1/4'
Cold water outlet connection: 1/4'
Cold sparkling water outlet connection: 1/4'
Drain water outlet connection: 1/4'
Power supply: 230V-50Hz
Power consumption: 340 W
Membrane pressure sensor: Yes
Inlet water pressure sensor: Yes
Pressure regulating valve: Yes
Pressure gauge Working pressure: Yes
Gas: 77 g - R134a
compressor: 1/12 hp
control unit: yes
Production capacity: 80-90 l/h
Dimensions: 33 x 35 x 44 cm

A sip of well-being:

Water is essential for our health, but often the water that flows from the tap is not the best. The Osmosea OsmoBoat Ice Potabiliser 340W solves this problem, guaranteeing pure, safe and great-tasting water. Thanks to its advanced reverse osmosis technology, it eliminates bacteria, viruses, pesticides, heavy metals and other harmful substances, providing safe water for you and your family.
