DOMETIC CoolAir RTX1000 12V Air Conditioner

Reference: 9620001309

DOMETIC CoolAir RTX1000 12V Air Conditioner

The DOMETIC CoolAir RTX1000 12V air conditioner is an advanced system specifically designed for stationary use on vans, trucks, and special vehicles. With its 1,200 W cooling capacity and low noise level, it offers comfort and efficiency in any climate. The DOMETIC CoolAir air conditioner is ideal for providing fresh and dehumidified air in the cabin, standing out for its compact design and optimal energy efficiency.

Main features of the DOMETIC CoolAir RTX1000 12V air conditioner:

Cooling capacity: 1,200 W / 4,090 BTU, ensuring fast and effective cooling.

Operating modes: Auto, Eco, Boost, and Manual, to suit any need.

Low noise level: Sound emissions below 70 dB(A) for a quiet environment.

Reduced energy consumption: Thanks to the inverter compressor, ideal for prolonged use.

Wide operating range: Functional at temperatures from +5 °C to +52 °C, tested in extreme conditions.

Compact dimensions: 860 x 645 x 308 mm, with a weight of 24 kg, for easy installation.

Advantages:

Simple and universal installation: Includes an installation kit with sturdy fastenings for standard rooftop openings.

Eco mode: Reduces energy consumption, extending battery autonomy.

Boost mode: Turbo cooling to achieve maximum comfort in record time.

Flexible control: Fan speed adjustable in five levels via remote control or manual commands.

Maximum safety: Configurable battery discharge protection system (thresholds from 10 V to 11.7 V for 12 V systems).

Technical specifications of the DOMETIC CoolAir RTX1000:

Operating voltage: 12 V
