FRIGOBOAT MS90 Freezer 83lt

Reference: GMS090Z*SSSSS

FRIGOBOAT MS90 Freezer 83lt

The FRIGOBOAT MS90 Freezer 83lt is the ideal marine freezer for boats, designed to deliver high-quality performance in a compact and durable design. With a total capacity of 83 liters, this product is perfect for those looking for an efficient and long-lasting refrigeration system capable of handling even the most extreme sailing conditions. Made of stainless steel, the FRIGOBOAT MS90 Freezer 83lt stands out for its robustness, elegance, and functionality, enhancing the marine environment.

Main Features of the FRIGOBOAT MS90 Freezer 83lt:

Material: Made of stainless steel, the FRIGOBOAT MS90 Freezer 83lt is highly resistant and durable.

Insulation: High-performance expanded polyurethane ensures superior energy efficiency and long-lasting performance.

Easy Installation: The Frigoboat quick-connect system allows for simple and fast installation of the FRIGOBOAT MS90 Freezer 83lt.

Adaptability: Compatible with Frigomatic refrigeration units, suitable for both air and water cooling.

Ergonomic Design: Ergonomic handle, rounded edges for maximum safety, and internal lighting for excellent visibility.

The FRIGOBOAT MS90 Freezer 83lt is perfect for those seeking a versatile and high-performance product, capable of offering reliable refrigeration on board without compromising energy consumption. Ideal for long-term navigation, this freezer easily adapts to any type of boat, making it a safe and convenient choice for the most demanding boat owners.

The powerful expanded polyurethane insulation, combined with the Frigomatic refrigeration system, ensures exceptional thermal efficiency. This means that the FRIGOBOAT MS90 can maintain a constant and optimal temperature while minimizing energy consumption. The freezer's interior is entirely made of stainless steel, featuring adjustable-height shelves and a bottle holder in the fridge version. Thanks to these features, the FRIGOBOAT MS90 offers excellent customization options according to your on-board needs.

Thanks to the Frigoboat quick installation system, the FRIGOBOAT MS90 Freezer 83lt is compatible with Frigomatic refrigeration units, supporting both air and water cooling. This allows perfect integration with existing systems on your boat, ensuring maximum efficiency. Additionally, the ergonomic design, with its handle and rounded edges, guarantees easy opening and enhanced safety.

Technical Specifications of the FRIGOBOAT MS90 Freezer 83lt:

Total Capacity: 83 liters

Net Weight: 42 kg

Power Supply: 12V / 24V / 230V (universal)

External Dimensions:

Width: 550 mm

Depth: 545 mm

Height: 680 mm

Structural Material: High-quality stainless steel

Insulation Type: High-performance expanded polyurethane

Refrigerant Compatibility: Frigomatic units, both air and water cooling

Additional Features:

Frigoboat quick installation system

Rounded edges for increased safety

Ergonomic handle for easy opening

Internal light for optimal visibility

Choose the FRIGOBOAT MS90 Freezer 83lt for safe, efficient, and convenient refrigeration on every journey. Don't leave anything to chance when it comes to on-board refrigeration. The FRIGOBOAT MS90 Freezer 83lt is the ideal solution for an uncompromising marine experience.
