VITRIFRIGO C42L CHR FRIDGE-FREEZER 42L

Reference: C42L CHR

VITRIFRIGO C42L 42L REFRIGERATOR WITH EXTERNAL COOLING UNIT

VITRIFRIGO C42L CHR fridge-freezer, available in Black or Light Grey: 42-litre total capacity refrigerator (3.6-litre freezer compartment) with external motor unit that can be remotely positioned up to 1.5 metres away, for more internal volume and installation flexibility. The compressor uses environmentally friendly and efficient R600a natural gas for high performance and reduced environmental impact.

The 42 mm thick door is lighter for the same size and features interchangeable finishing panels with thicknesses from 0.8 to 3.0 mm. The new Chromelock handle, tested over 150,000 cycles, ensures positive and reliable closure even in intensive use (e.g. nautical) and integrates the Vent Position function, which keeps the door ajar during periods of inactivity to prevent mould and unpleasant odours.

The refrigerator is designed for maximum installation flexibility thanks to its internal fixing points (anchoring from inside the recess) and removable and replaceable gasket, which facilitates cleaning and maintenance.

Available variants:

- Light Grey, glossy grey laminate panel with pearlescent effect
- Black, matt black panel with anti-fingerprint, scratch-resistant and soft-touch finish

Optional:

- Power Pack 115–230Vac 50/60Hz 24Vdc/300W
- Fixing profile for flush installation inside (Door Inside) or outside (Door Outside)
- Refrigerator only version (without freezer)

TECHNICAL CHARACTERISTICS VITRIFRIGOC42L:

Total capacity: 42 L
Power supply: 12/24Vdc
Consumption: 10 W/h
Refrigeration system: Compressor
Reversible door: yes
Width: 380 mm
Depth: 384 mm
Height: 532 mm
Net weight: 15 kg

Looking for a chest refrigerator with different technical features?HERE you can find the entire VITRIFRIGO range or other specialized brands.
