

FINI BK120-500F-10-A.P. SD COMPRESSOR 500LT

Reference: BTTN905FNM873

FINI PULSAR EVO BK120-500-10-SD 10HP COMPRESSOR

Two-stage, high-pressure belt-driven compressor particularly suitable for automotive repairs, tire repairers, and professionals requiring working pressures of up to 28 bar.

Equipped with a 10 HP pump unit with high-efficiency cast iron cylinders, large manifolds and finned tubes for improved air cooling, and a sturdy metal belt guard that protects moving parts.

The 500-liter tank provides a large air reserve, with four sturdy supporting feet with anti-vibration mounts for stability during operation.

FINI TECHNICAL FEATURES BK120-500F-10-A.P. SD COMPRESSOR

Oil lubrication
Pump: BK120
500-liter tank
Power 10 hp / 7.5 kW
Maximum pressure 14 bar / 203 psi
2 cylinders
Air intake 900 l/min / 31.8 cfm
Speed 920 RPM
Power supply 400 V / 50 Hz
Electric motor
Gross weight 300 kg
