Dometic CK2 45 Hybrid Portable Refrigerator – 43 L

The Dometic CK2 45 Hybrid is a 43-liter hybrid refrigerator that combines the power of 230 V AC compressor cooling with the flexibility of 12/24 V DC battery-powered thermoelectric cooling.

Ideal for campers, cars, vans, boats, and home use, it guarantees temperatures down to -15 °C in compressor mode and up to 20 °C below ambient temperature in thermoelectric mode, keeping food and drinks always at the right temperature.

The coated steel exterior and ergonomic retractable handles make it robust and easy to transport, while the digital display allows you to precisely set and monitor the internal temperature.

The power cords stow neatly at the back when not in use, keeping the refrigerator ready for any move.

Technical Features:

Type: Hybrid portable refrigerator (compressor + thermoelectric)

Net capacity: 43 liters

Bottle positioning: Vertical for 1.5 or 2 liter bottles

Power supply: 230 V AC (50 Hz) + 12/24 V DC

Compressor mode (230 V AC): Internal temperature from +10 °C to -15 °C

Thermoelectric mode (12 V DC): Up to 20 °C below ambient temperature

Display: Digital for temperature setting and display

External material: Steel Coated

Handles: Ergonomic retractable side handles

Opening: One-handed lid

Cable management: Rear cable storage

Refrigerant: R600a, 18 g (GWP = 3)

Noise level: 43 dB(A)

AC power consumption: 50 W

DC power consumption: 48 W

Rated DC current: 4 A (thermoelectric mode)

Recommended ambient temperature range: +16 °C ... +43 °C

Dimensions (W × H × D: 565 × 452 × 505 mm

Net weight: 18.8 kg

Dimensions parcel depth: 558

Dimensions parcel height: 597 mm

Dimensions parcel width: 516 mm

Parcel weight 23.30kg
