

TRUMA DISTRIBUTION BOX PREMIUM FOR TRUMA AVENTA COMFORT 2A GEN

Reference: 019 AVC40802.06

TRUMA PREMIUM AIR DISTRIBUTOR FOR TRUMA AVENTA COMFORT (2ND GEN)

Thanks to its particularly compact design, the air distributor integrates easily into any interior space. The ON/OFF switch allows you to activate the air conditioning system with a preset target temperature of 22°C.

Air distribution towards the front or rear can be individually adjusted as needed using the dedicated slider. The louvers allow the airflow to be directed upwards or downwards. On the Premium air distributor, the louvers can also be adjusted to the right or left. The Premium air distributor also features integrated, adjustable ambient lighting, helping to create a particularly pleasant atmosphere inside the vehicle.
