

## HONDA Outboard BF 40D LRTZ Remote Drive 29.8 kW 40 Hp 808 cm<sup>3</sup>

Reference: BF 40DK4 LRTZ

### HONDA OUTBOARD BF40DK4 LRTZ

The Honda BF40DK4 LRTZ is a lightweight and compact 808 cm<sup>3</sup> three-cylinder outboard engine with PGM-Fi electronic fuel injection for easy starting. Plus, thanks to the Ignition Phase Advance System (BLAST™) and ECOmo fuel delivery control system, you get power with low fuel consumption.

Honda BF40DK4 LRTZ are lively, responsive outboards that deliver reliable performance for water enthusiasts. NMEA2000®-compliant, electronically fuel-injected outboards with optional helm control.

Exclusive Honda BLAST™ technology with PGM-Fi electronic fuel injection delivers instant acceleration that gets you up to speed very quickly. This is made possible by improved ignition timing accuracy, which develops more torque at low rpm, allowing you to reach cruising speed quickly.

Honda BF40DK4 LRTZ is complete with ECOmo automatically adjusts the air/fuel mixture according to speed and load for maximum efficiency with minimum consumption.

The high power alternator generates a current of 22 Amps, which keeps the battery in the best condition with a load capacity of 17 Amps and also powers all the electronic equipment on board.

Honda BF40DK4 LRTZ are NMEA2000® (National Marine Electronics Association) compliant, so they are compatible with all other NMEA2000®-compliant electronic devices, such as navigation and fishfinder systems. Engine velocity, temperature and fuel consumption data can be displayed via multifunction gauges.

Honda outboards have a multifunction control bar with an LED panel that displays engine warning lights, oil pressure, overheating, engine management and battery charge. It also beeps if something happens while you're focused on other tasks

Precise low-speed control is just as important as high-velocity handling, especially while fishing. The optional rudder control, through the control bar, simply adjusts the velocity in 50 rpm increments, making it ideal for fishing. Honda has made outboard engines cleaner, quieter and more environmentally friendly with the introduction of the 4-stroke.

#### TECHNICAL FEATURES HONDA BF40DK4 LRTZ

Net Power (kW): 29.8  
Net Power (Hp): 40  
Displacement: 808 cm<sup>3</sup>  
Shaft length: Long  
Dry weight (Kg): 98  
Starter: Electric  
Ignition system: Electronic PGM-IG  
Type of control Remote

Setup and engine lifting: Electric  
Transom height (mm): 521  
Length (mm): 694  
Width (mm): 372  
Height (mm): 1364  
Bore x stroke: 70 x 70 mm  
Engine Brand: Honda  
Engine Type: OHV, 4 stroke  
Number of cylinders: 3  
Speed at full throttle (rpm): 5000-6000  
Cooling system: Water  
Battery capacity (A): 17  
Propeller Rotation: Standard

## Technical Sheet

Fuel	Gasoline
Engine	OHV, 4 stroke
Ignition	Electronic PGM-IG
Starting system	Elettrico
Engine capacity (cm <sup>3</sup> )	808
Number cylinders	3
Cooling	Water (with thermostat)
Bore x stroke (mm)	70 x 70
Reduction ratio	2.08
Rpm at full throttle (rpm)	5000 - 6000
Appearance and engine lifting	Electric
Transom height (mm)	521
Net power (kW)	29.8
Fuel tank capacity (L)	25
Length (mm)	694
Width (mm)	372
Height (mm)	1364
Dry weight (Kg)	98
Shaft Length	L
Controls	Remote
