

FLEXIBLE EXHAUST PIPE D. 60 mm ZINC

Reference: AZ1-060

FLEXIBLE ZINC LOWER HOSE WITH DOUBLE CLAMPING Ø 60 mm

The ZINC 60 muffler hose is a flexible hose made of AISI304 stainless steel and galvanized steel inside with double crimping with a diameter of 60 mm.

Our hoses are produced with a double crimping system to ensure maximum tightness and durability.

We guarantee, in addition to the adaptability of these products, a quality guaranteed by the raw material with which they are made and a control of our technical office, aimed at ensuring the effective functionality of the product itself.

The functionality of the hoses is to absorb the vibrations coming from the engine and from the rest of the exhaust.
