## **Product price:**

7,954.00 € tax excluded

### **Product description:**

The GREEN POWER 1500 rpm generators are designed for versatile use, from construction sites to industry, from agriculture to civil protection.

Robust welded steel frames with built-in tank of variable capacity produced by Green Power, engines and alternators supplied by the most important manufacturers in the sector and cutting-edge control units are the elements to ensure generators of excellent quality.

The hoods are made of steel, which allows them to be used in tropical environments. The Green Power covers guarantee maximum accessibility for maintenance and cleaning operations.

Green Power's strong point is the design and implementation within the company, a feature that helps to reduce the time to market of the product and allows any customization.

#### It is possible to choose from six versions:

- Open set with AVR-Leroy alternator (automatic control unit)
- Open set with AVR-Mecc Alte alternator (automatic control unit)
- Open set with AVR-Stamford alternator (automatic control unit)
