

MINI DIESEL DEFENDER 14 - Fixed Filtration/Cleaning System for Tanks

Product price:

600,00 € tax excluded

Product description:

APPLICATIONS OF

Mini Diesel Defender 14 - Fixed System Filtration/Cleaning Tanks Daily Diesel Fuel

Complete with detection unit:

- network
- clogged filter
- presence of water
- predisposition for connection by remote control modem.

When the fuel is stored for extended periods, degradation is inevitable. For this reason, our Constant Filtration System (FPM) has been designed to keep diesel fuel clean, free of water and always ready for use.

Product features:

Phase: Single phase

Frequency (Hz): 50

Voltage (V): 220

Pump type: Filter Pump

Fluid type: Diesel

Maximum output capacity (Lt/min): 4

Input power (W): 24 Vdc

Pressure (bars): 5

Transportability: Stationary

Length (mm): 280

Width (mm): 200

Height (mm): 420

Dry weight (Kg): 8

Product type: Filter System
