

DOMETIC COOLMATIC CD 30S Stainless steel front Drawer fridge 12/24 Volt DC

Product description:

When space seems to be impossibly tight, whether on a boat, van, truck or motorhome, the possibility of on board refrigeration may appear to be a distant dream. Dreams can come true though. The high performance compressor drawer fridge, in two capacities, makes use of a small space, such as under a bed, a drawer or even somewhere on the outside, to transform it into a fridge.

With a detachable cooling unit and temperature control this fridge is flexible enough to meet your needs. Compact design to make the best use of small spaces.

Set your own temperature

Vary the temperature as you wish and use energy efficiently.

A fridge to fit any space

The Dometic CoolMatic CD 30 S is the go-to fridge for tight spaces. With solar power capability and a detachable cooling unit, there are plenty of features to be enjoyed on this small fridge. A handy 1.5 m lead gives flexibility of position and, crucially for an avid traveller, the CD 30 will perform well wherever in the world you are.
