

MASE VOYAGER 6202 H

Product price:

5,635.00 € tax excluded

Product description:

MASE VOYAGER 6202 H - Standard Equipment

- + Remote control panel consisting of:
 - Multifunction digital display for reading single-phase voltage, generator voltage, battery voltage, frequency, and hour counter
 - Start/Stop button
 - Prepared for AUTO MODE operation upon external contact request
- + Onboard machine:
 - Remote connection cable
 - Safety shutdown in case of low oil level or high water temperature
 - Thermal breaker for generator protection
 - Power disconnection switch
 - Built-in silencer

Power generators with gasoline and diesel engines, specifically designed for installation on vehicles.

They ensure easy installation and excellent performance of both the engine and alternator, high starting currents (necessary for air conditioners, refrigerators, compressors, etc.), total protection and safety, as well as excellent sound insulation.

Product features:

Phase: Single phase

Maximum power single phase (KW): 5

Maximum power single phase (KVA): 6.2

Fuel: Gasoline

Frequency (Hz): 50

Voltage (V): 230
Engine: Honda GX390, 4 stroke, OHV
Engine rpm (rpm): 3000
Starting system: Elettrico
Engine capacity (cm³): 390
Number cylinders: 1
Cooling: Air
Alternator: Sincrono
Poles: 2
Protection degree: IP23
Motor insulation class: H
Consumption (L/h): 3.3 al 75% del carico
Acoustic pressure: 58 dB(A) at 7 m
Length (mm): 831
Width (mm): 513
Height (mm): 465
Dry weight (Kg): 140
Silenced: Yes
Super silenced: Yes
Voltage regulator: No
