

DOMETIC COOLMATIC CS MP2 Built-in compressor refrigerator 12/24 V DC

Product description:

The RHD Series is made to measure compressor cooling for three strong brands and developed by specialists. The ColdMachine CS IV compressor cooling unit offers a cost-efficient way of converting the storage in the Iveco Stralis into a fridge. The CoolMatic CS MPS compressor cooler fits into the drawer by the driver's bed in Mercedes Actros 2 and 3 and the CoolMatic RHD 50 is for the VOLVO FH.

A built-in compressor drawer fridge, specifically designed for Mercedes-Benz Actros 2 and 3 models.

Tailor-made cooling

For many years, Dometic has successfully addressed challenges in areas of mobile refrigeration for commercial vehicles. The Dometic CoolMatic CS MP2 is a powerful compressor cooler specifically built for Mercedes-Benz Actros 2 and 3 models. Mobile refrigeration offering excellent quality – a little bit of luxury for you to enjoy in the truck cabin! With a cooling range of +10 °C to 0 °C, if you drive a Mercedes-Benz Actros 2 or 3, then this is the ideal fridge for you.
