

DOMETIC COOLFREEZE CFX 65W Portable compressor cooler and freezer

Product description:

Specifically designed to fit all kinds of vehicles, the CFX Series is a range of compact portable compressor fridges and/or freezers to keep food and drinks well chilled or even frozen while out on the road. The range includes a variety of models including an ultra-compact cooler and one with two separate temperature zones for simultaneous cooling and freezing.

A powerful and uncompromising compressor cooler with special CFX electronics. Energy-saving and quiet operation.

LED light

Energy efficient LED interior light.

Easy to carry

Space-saving folding and detachable carrying handles.

Robust

Heavy-duty design with reinforced corners and a robust closing mechanism.

USB port

USB port for charging small electronic devices.

Efficient deep-freezing

Sensational deep-freeze performance down to -7°F with minimal energy consumption.

WiFi App

Temperature control via WiFi App.

Beyond cool

The Dometic CoolFreeze CFX has some seriously impressive features. Firstly, there's the CFX Special Electronics which include an intelligent automatic turbo cooler and memory function. Then not only is it suitable for deep freezing down to -22°C but it can also operate on solar power. Plus, regardless of the outside temperature, this cooler will provide a first class, superbly quiet cooling performance. You can take this amazing cooler and freezer wherever you go! Fitted with heavy-duty details like reinforced corners, stainless steel hinges and a robust lid lining, the hi tech coolers in the CFX series can withstand the most demanding of loads. The CFX 35W to CFX 100W models give you the convenient option of controlling and monitoring the cooling temperature by WiFi app.

Tested in the most extreme weather conditions!

The Dometic CFX powered cooler has excellent cooling performance in high ambient temperatures. We know this because its tested in the harsh conditions and extreme heat of the Australian desert! Its rugged, efficient, and ready for action. The CFX is our most awarded product and you'll quickly understand why.

Award-winning fridge/freezer

The Dometic CFX series represents the next generation of portable fridge/freezers. Firstly, there's the CFX Special Electronics which include an intelligent automatic turbo cooler and memory function. Then not only is it suitable for deep freezing down to -22°C (-7°F) but it can also operate on solar power. This premium compressor cooler provides superbly quiet and highly-efficient cooling performance, regardless of the ambient temperature. There's even a USB charging port for charging small electrical devices. Take this amazing fridge or freezer wherever you go thanks to its conveniently detachable carry handles. Fitted with heavy-duty details like reinforced corners, stainless steel hinges and a robust lid lining, Dometic's award-winning CFX series fridge/freezers can withstand the most demanding of loads. A special feature of the CFX-W model is the convenient option of controlling and monitoring cooling temperature by WiFi app!

The special CFX electronics

The CFX series is equipped with special electronics which start up the compressor gently while saving energy. If the preset temperature is not reached within a short period of time, or a temperature below 10°F (-12°C) has been set, the turbo cooler switches on automatically to boost the compressor speed. As soon as the set temperature is reached, the CFX special electronics switch back to energy saving mode. With the CFX series, our engineers and product designers have proved how milestones are made. It's specially-developed high-performance compressor and extra strong insulation have allowed the energy consumption to be reduced by up to 35% compared to its predecessors.

High-tech cooler for universal use

The Dometic CoolFreeze CFX 65W is a powerful cooler for refrigeration or freezing. With its high-

performance compressor technology and extra thick insulation, this cooler is impressively efficient and withstands the most demanding of loads thanks to its robust design. In addition, the CFX 65W is remarkably lightweight and easy to transport with a quiet operation that avoids disturbance!

Product features:

Frequency (Hz): 50 / 60

Voltage (V): 100-120 / 200-240

Length (mm): 455

Width (mm): 725

Height (mm): 561

Dry weight (Kg): 22.3

Feed Type: 12 / 24 V - 100-240 V

Product type: Compressor refrigerator

Colour: Grey

Capacity of the refrigerator (L): 60

Freezer (L): 0-60

Climate class: N,T

Energy class: A++

Coolant: R134A
