Product description:

Phoenix P 50 in AISI 316

Pneumatic pump, in stainless steel, suitable for both salt water and food products, in a-toxic material Phoenix SS 50 in AISI 316.

I would like to point out that the flow emitted by an AODD compressed air pump is of the "pulsing" type, i.e. the liquid is delivered in flocs. If the customer needs to homogenize the flow, obtaining a more harmonic delivery, it is necessary to apply a pulsation damper, called Damper.

Product features:

Power (KW): 2.2

Pump type: Elettropompa verticale

Fluid type: Waste waters

Maximum output capacity (Lt/min): 133

Pressure (bars): 7

Total head (m): 114
