

DOMETIC COOLFUN SC 30 Portable thermoelectric cooler

Product description:

The SC Series is a range of high-performance thermoelectric coolers that includes a cable compartment in the lid. The sturdy carrying handle also serves as a lid support to prevent an accidental opening of the box. The coolers provide cooling up to 18°C below the ambient temperature, while some models can also keep food warm if required.

This quality thermoelectric cooler is Ideal for car journeys, camping, picnics or even in the office. Portable, cool convenience!

Cool or heat switch

Cold drink or warm lunch – simply switch to the mode you want

12 V / 230 V connection

Can be used in a vehicle or with a mains socket

Whatever you need, wherever you need it!

The Dometic CoolFun SC 30 offers cooling and heating convenience whether you're at work or at the beach! With cooling up to 18°C below ambient temperature, it will also warm contents up to +65°C. The USB port in the lid is handy for charging mobile devices and the versatile carry handle also act as a support or lock for the lid. Additionally this unit is very competitively priced. Wherever you are, you can rely on the SC 30 for cold drinks or a warm lunch!
