

# Victron Phoenix 12/250 VE Pure Sine Wave Inverter 400 W

**Product price:**

**89,34 € tax excluded**

## **Product description:**

Victron Phoenix 12/250 VE Pure Sine Wave Inverter 400 W

The Victron Phoenix 12/250VE is a sine wave inverter that ensures the operation of electrical devices up to 400W powered by a 12V battery.

The compact and lightweight design makes the inverter ideal for use in camping, boating, cars or other places where a portable supplied source is needed. The Victron Phoenix 12/250VE inverter can be supplied by a 12V battery and offers a continuous output of 400W. This means that you can safely and reliably power many types of electrical devices, including laptops, cell phones, televisions and other similar items.

The Victron Phoenix 12/250VE inverter can handle moderate power loads such as refrigerators, televisions, computers, lamps and more. Thanks to its pure sine wave technology, it offers a similar form of current to that provided by the grid, ensuring stable and efficient operation of connected appliances.

Victron Phoenix 12/250VE uses pure sine wave technology, ideal for powering devices that require a stable and reliable supply. It has a number of protection features, including overheat protection, overcurrent protection and short-circuit protection. This means that the Victron Phoenix 12/250VE inverter can provide safe and reliable power without risk to the user or connected devices. Pure sine wave technology ensures consistent and stable current quality, which means that devices powered by the Victron Phoenix 12/250VE inverter will always operate reliably.

Equipped with an intuitive control panel that enables easy configuration and efficient performance monitoring. It also features multiple connection ports to easily connect devices and an automatic cooling fan to maintain an optimal operating temperature.

Technical Specifications Victron Phoenix 12/250VE

Waveform: Pure Sine Wave  
Input Voltage: 12V  
AC cont. output at 25 °C (VA): 250  
Continuous output at 25 °C / 40 °C: 200 / 175 W  
Maximum Power: 400 W  
Voltage: 110 / 230 Vac  
Output Frequency: 50 / 60 Hz  
Input voltage range (V DC): 9.2 - 17  
Material and Color: aluminum (blue Ral 5012)  
Protection category: IP 21  
Length: 260 mm  
Width: 165 mm  
Height: 86 mm  
Weight: 2.4 kg

#### **Product features:**

Frequency (Hz): 50 / 60  
Protection degree: IP21  
Output voltage (V): 110 / 230  
Length (mm): 260  
Width (mm): 165  
Height (mm): 86  
Input voltage (V): 12  
Kind of wave: Pure Sinusoidal  
Continuous power (W): 200  
Colour: Blue  
Weight (Kg): 2.4
