

IDROFOGLIA MK50-150-SP SELF- PRIMING CENTRIFUGAL PUMP WITH ROAD TRAILER

Product description:

IDROFOGLIA MK50-150-SP SELF-PRIMING MOTORPUMP WITH ROAD TOWING TROLLEY

IDROFOGLIA MK50-150-SP is a self-priming centrifugal motorpump used for land drainage and any other water and bentonite sludge handling operations.

Water pumping with sand or gravel is possible thanks to the robustness of the hydraulics and the wide passage of solids.

IDROFOGLIA MK50-150-SP is equipped with Elcos CEP 090 control unit, with engine protection for insufficient oil pressure, overtemperature, belt breakage (lack of battery recharge), minimum fuel level. Starting by key. On-screen display of hour meter, rev counter, fuel level, battery voltmeter.

The motorpump IDROFOGLIA MK50-150-SP is mounted on a road trolley that allows its safe transport.

IDROFOGLIA MK50-150-SP is composed of:

Kohler engine mod. 2504M + Mill.ar self-priming pump with 6" / Ø150 ports

SEL0001136 ACC. MTA LIFTING BRIDGE WITH ROOF (T3-T3A)
