

DOMETIC FRESHJET 3200

Product price:

1,920.00 € tax excluded

Product description:

One of the smallest air conditioners for motorhomes and caravans up to 6 m long (or for larger vehicles used in combination with another air conditioner): the ultra-compact Dometic FreshJet 1700 leaves enough room for solar panels, a satellite dish or even a second FreshJet if you need to separate the air conditioning areas. The very low starting current ensures smooth operation even on campsites with low electrical protection. Thanks to the efficient air distribution in two directions, it is able to cool and heat - comfort on board all year round!

Non-binding images and technical data.

Product features:

Frequency (Hz): 50

Voltage (V): 230

Refrigerating yield: 2800 W

Heating power: 800 W

Length (mm): 650

Width (mm): 980

Height (mm): 248

Product type: Air conditioner

Coolant: R410A

Weight (Kg): 36
