## Product description:

### GENERATOR VISA CK105

The VISA CK105 silenced land-based generator set, rated at 100 KVA in continuous use and AVR, mounts top brand components: the VISA CK105 uses a reliable **PERKINS 1104C-44TAG2** 4-cylinder, 1500-rpm diesel engine and a **STAMFORD UCI274C** alternator equipped with AVR AS540 with 1% voltage regulation accuracy.

The VISA CRICKET industrial power generators feature silenced casings and tropicalized treatment, thus they are suitable for use even in hot climates; in particular VISA CK105 is water-cooled, which guarantees excellent heat management.

The sturdy frame of the silenced generator set VISA CK105 contains a capacious 145 liters fuel tank, which guarantees an autonomy of more than 14 hours at 75% load; moreover the dimensions of this generator are optimized for its transport by truck and its storage on a 40' HC container.
