Product description:

SCANGRIP SITE LIGHT 40 LED LAMP

SCANGRIP SITE LIGHT 40 construction site LED light compact offering extremely high performance and exceptional flexibility, ideal for lighting large areas.

Based on the latest state-of-the-art LED technology, the SCANGRIP SITE LIGHT 40 lamp provides up to **40.000 lumens** and a wide beam angle of 120 °, ensuring very high quality lighting on large work areas.

The SITE LIGHT 40 lamp is supplied with a dimmer function and BLUETOOTH light control that allow you to turn the work light on and off and to adjust the light remotely via your smartphone.

Very useful function when the SITE lamp LIGHT 40 is pole mounted, as it reduces energy consumption each day by using only the amount of light needed to do the job.

The work light is designed with a built-in handle for easy transport and **mounting on tripods and masts**.

With a weight of only 4.95 kg, the SITE LIGHT 40 lamp is very compact and lighter than other solutions on the market, the which makes the assembly of the work light, more comfortable and safer.

As an accessory we offer a double bracket for the positioning of two SCANGRIP SITE LIGHT 40 lamps.

The SITE LIGHT 40 is completely strong> waterproof and dustproof (IP65) and to llera all types of climatic conditions from -25 ° to + 40 ° C.

Equipped with high quality components and active cooling, SITE LIGHT 40 has a long life and maintains a high level of performance throughout the daytime.

The SCANGRIP SITE LIGHT 40 lamp is produced in Denmark and illuminates the construction site according to current legislation.
