

DOMETIC CFX3 35

Portable compressor cooler

Product description:

DOMETIC CFX3 35 36 litre portable compressor cooler

The DOMETIC CFX3 35 is a portable compressor refrigerator that offers exceptional refrigeration and is suitable for transporting food and beverages. The robust design of this refrigerator is designed for outdoor use. Convenient refrigeration thanks to the handy CFX3 app for setting the DOMETIC CFX3 35's operation. Go far away, stay longer and experience new things.

Experience the present moment

With the new DOMETIC CFX3 35, you can live in the open air in total peace of mind. The CFX3 35 refrigerator puts your well-being first. Whether on the road, on the campsite, in the middle of nature or in the garden, you will always have healthy, fresh food available, reducing waste and increasing safety, free to enjoy every moment to the full.

All this thanks to the low noise emissions that make it very quiet: only 44 dB(A) of acoustic power!

Maximum efficiency and capacity

The DOMETIC CFX3 35 has a total capacity of 36 litres and can hold an incredible amount of food and drink thanks to its interior design. The dairy compartment has been removed from the CFX3 35, giving you more space for your favourite foods. Thanks to the removable divider you can decide how you want to organise your space. The evaporator on all interior walls allows for even distribution of cold.

Keep the activity of the portable refrigerator under control at all times

The CFX3 app gives you full control and connectivity. Download it for free from the App Store or Google Play Store and connect to your portable electric fridge via smartphone. Adjust and monitor the temperature of your portable refrigerator remotely, from the front seat of your vehicle or even from your bed. Thanks to the user-friendly interface, it is even easier to monitor the

refrigeration of your DOMETIC CFX3 35. If you forget to open the lid of your CFX3 35, the app will send you a notification reminding you to close it. The app tracks temperature and absorption in detail, so you always know how to adjust before you set off. Always fresh food. Holidays without limits. Maximum peace of mind.

Practical CFX3 app

Temperature control and performance monitoring via CFX3 app.

Digital display for simplified management

The DOMETIC CFX3 35 is equipped with an easy-to-read high definition colour display to monitor the operating status of the refrigerator. The display is equipped with various protection measures, including a scratch-resistant and dustproof cover that complies with the IP65 standard, so you can travel anywhere without worry. The USB port has been plugged into the display panel to charge portable devices in a more functional way. The intuitive user interface displays voltage, Bluetooth/Wi-Fi connection status and temperature with colourful graphics. Operation of the portable refrigerator at the touch of a button via the menu.

User Friendly interface

The sleek and elegant TFT LCD display indicates the operating status.

Innovation in the service of refrigeration

Outdoor at your fingertips with DOMETIC CFX3 35. Fresh food always available thanks to the Dometic VM303 variable power compressor with optimized software. Equipped with robust corner protection frames, this portable refrigerator is the ideal solution for the most demanding trips. Easy to transport thanks to the sturdy spring-loaded aluminium handles. Set the temperature of the CFX3 35 on the TFT display and store your favourite food. Download the CFX3 app and travel with peace of mind. Once connected to your phone, you can set the temperature and view detailed energy consumption history. We have a wide range of accessories, including a robust protective cover.

Low power consumption

VM303 compressor technology.
