### Product description:

#### **GENERATOR RENTAL 7KW HONDA ECT7000K**

GENERATOR RENTAL 7KW HONDA ECT7000K generator with gasoline power supply, three-phase power of 7 KVA and single-phase power of 4 KVA, capacitor voltage regulator, sturdy shockproof frame and recoil starter.

The GENERATOR 7KW HONDA ECT7000K is perfect for any type of use thanks to the ability to deliver a voltage both single-phase and three-phase, in addition it is light and easy to handle thanks to the handles integrated in the structure.

### RENTAL SERVICE

Rental a generator has never been so easy: choose the product you want to rent and [FILL OUT THE FORM](#).

Our specialized staff will respond immediately with the offer that best suits you!

The equipment available for rental can be shipped throughout Italy and is always ready for action: our team of technicians will always keep it in perfect working condition.

It is advisable to book in advance for the rental of large quantities of machines: this is especially important in conjunction with trade fairs or events, where many people will use the rental service.

In an emergency situation, the last thing you need is an electrical emergency. The GENERATOR RENTAL 7KW HONDA ECT7000K, just like our emergency services, is up to any challenge. Rugged and reliable for instant power anywhere.

Extremely convenient sockets and controls make starting and operating the generator easy and fast. Just start it up and let it run, because the unique Oil Alert™ feature will automatically shut off

the power if the oil is below a safe level. Maximum safety guaranteed.

The GENERATOR 7KW HONDA ECT7000K also features a heavy-duty steel frame engine support system. These rubber shock absorbers, positioned on either side of the engine and angled at 45°, significantly reduce engine vibration from an already quiet machine. Aesthetically pleasing, functionally effective.
