Product description:

HONDA UMK 450 LE

HONDA UMK 450 LE brushcutter with D-handle and extra comfort imbracature. HONDA UMK 450 LE Brushcutter is designed to be practical yet powerful and reliable, ensuring constant power and torque even under demanding conditions. HONDA UMK 450 LE brushcutter can do whatever job you expect. There are no areas that an intricate undergrowth can hide. With the extremely robust and reliable 4-stroke garden brushcutter HONDA UMK 450 LE, you can go where no other brushcutter can go. They are driven by a unique six-spline shaft (unlike a traditional splined key design) that provides greater strength & better torque and power delivery to work area.

A brief overview of Honda products

Right from the start, HONDA UMK 450 LE brushcutter is extremely handy. They can handle any type of job, no matter how long or demanding, with choice of two powerful 4-stroke engines, they are ready for any challenge.

Handlebar grip

These brushcutters come standard with a comfortable harness, a nylon head for beat-and-go & a heavy-duty three-point blade. Adjustable handlebar provides better & safer grip when mowing unwanted vegetation.

Ring handle

The ring handle brushcutters come standard with the comfortable harness, a nylon head for swing go and a heavy-duty 3-point blade. They are perfectly balanced & provide sensitive control when pruning or edging.

Curved shaft brushcutter

Is equipped with the nylon head beat & go. The extremely low weight & balanced proportions make it easy to control the unit while you work, so it will be much easier to reach even the most difficult places.
