Product description:

HONDA UMK 450 XE

HONDA UMK 450 XE professional brushcutter with anti vibration system and extra comfortable harness. HONDA UMK 450 XE Brushcutter is designed to be practical yet powerful and reliable, ensuring constant power and torque even under demanding conditions. HONDA UMK 450 XE can do any job you expect. There are no areas that an intricate undergrowth can hide. With the extremely robust & reliable 4-stroke garden brushcutter HONDA UMK 450 XE, you can go where no other brushcutter can go. If you want to work in maximum comfort, the comfortable U-shaped harness will fit perfectly behind you thanks to five different settings that ensure maximum grip. It also has leg protection and a quick-release hook for added safety.

A brief overview of Honda products

Right from the start, HONDA UMK 450 XE is extremely handy. They can handle any type of job, no matter how long or demanding, and with choice of two powerful 4-stroke engines, they are ready for any challenge.

Handlebar grip

These brushcutters come standard with a comfortable harness, a nylon head for beat-and-go & a heavy-duty three-point blade. Adjustable handlebar provides better and safer grip when mowing unwanted vegetation.

Ring handle

The ring handle brushcutters come standard with the comfortable harness, a nylon head for swing go & a heavy-duty 3-point blade. They are perfectly balanced and provide sensitive control when pruning or edging.

Curved shaft brushcutter

This is equipped with nylon head beat & go. Extremely low weight & balanced proportions make it easy to control unit while you work, so it will be much easier to reach even the most difficult

places.
