

RENTAL LUXTOWER LUX S10 LED

Product description:

LIGHT TOWER RENTAL 1600W: Discover the LUX S10 Light Tower

The LIGHT TOWER RENTAL 1600W option, represented by the LUX S10 Light Tower, stands as a beacon of efficiency and reliability. Ideal for a diverse array of applications, from expansive construction sites to critical emergency response, the LUX S10 is your go-to choice for superior illumination.

Technical Mastery in LIGHT TOWER RENTAL 1600W

The LUX S10 embodies technical excellence, with a single-phase, 50Hz frequency, and 230V voltage design. This 1600W powerhouse leverages six robust 50W LED lamps, setting the standard for energy-efficient and high-performance lighting in the rental market.

Unrivaled Illumination with Our 1600W Light Tower

Illuminating an area of 1900 square meters, the LUX S10 from our LIGHT TOWER RENTAL 1600W range offers unparalleled coverage. Its vertical telescopic pole extends up to 4.5 meters, and with 360° mast rotation, it guarantees all-around lighting solutions for any project.

User-Centric Design: The Hallmark of Our 1600W Light Towers

Ease of use is at the forefront of the LUX S10 design. The manual lifting system ensures simple operation, and its stability in winds up to 110 km/h makes it a reliable choice in various weather conditions. Even when closed, its compact dimensions assure easy transportability, aligning with the demands of stationary rental needs.

Advanced LED Technology in LIGHT TOWER RENTAL 1600W

Resulting from a collaboration among industry experts, the LUX S10 integrates the latest in LED

technology. This makes our LIGHT TOWER RENTAL 1600W option a versatile and lightweight solution, competing with more cumbersome towers equipped with traditional halogen systems.

A Blend of Durability and Portability in Light Tower Rentals

The LUX S10 weighs just 83 kg, striking a perfect balance between sturdy construction and ease of mobility, characteristic of our LIGHT TOWER RENTAL 1600W offerings. It's built to last, with a focus on compactness and durability.

LIGHT TOWER RENTAL 1600W - Your Ultimate Choice

To sum up, the LUX S10 Light Tower isn't just a product; it's a commitment to innovative lighting solutions. For those in need of LIGHT TOWER RENTAL 1600W, it represents a blend of advanced technology, robust design, and user-friendly features, ready to brighten any project you undertake.

These are various product categories that are commonly available for rent to meet different project and event needs.

Rental Service in Turin and throughout Italy.

Product features:

Phase: Single phase

Frequency (Hz): 50

Voltage (V): 230

Type of lamps: LED

Lamps: 6 x 50 W
