

rental WESTERN GLOBAL Trans Cube 30TCG 2980 Litres Fuel Tank

Product description:

Diesel Fuel Tank Rental - 2980L TRANS CUBE 30TCG

- The Diesel Fuel Tank Rental 2980L (TRANS CUBE 30TCG) offers a reliable solution for diesel fuel storage and efficient operation of diesel-powered equipment. This rental service provides a double-layered metal tank ensuring maximum safety during use.

Transportable and Efficient

- The Diesel Fuel Tank TransCube is DOT approved for full-tank handling. It features full-load lifting eyes, forklift pockets, and internal baffles for easy and safe transportation.
- Enhance the operation time of your diesel equipment with this easily transportable fuel tank.

Eco-Friendly and Safe Design

- The Diesel Fuel Tank TransCube adheres to UL 142 standards, boasting a double-walled structure and a 110% containment feature.
- A lockable access hatch secures the fuel and facilitates the safe refueling of up to three pieces of equipment directly from the TransCube.

Accessibility and Maintenance

- An accessible hatch allows for easy maintenance and inspection of the internal Diesel Fuel Tank Rental.
- The removable internal reservoir simplifies maintenance and cleaning procedures.

Stackable for Space Efficiency

- Designed for convenient stacking, the TRANS CUBE 30TCG minimizes the space needed for storage.

Rental Service Convenience

- Renting a diesel fuel reservoir has never been easier. Our specialized rental service team promptly responds with tailored offers to suit your needs.
- Our Diesel Fuel tanks for rental are available for shipment throughout Turin and Italy and are always ready for action, maintained in perfect operational condition by our technical team.
- For large quantities of reservoir rentals, advance booking is recommended, especially during fairs or events where demand is high.
