Product price:

235,41 € tax excluded

Product description:

HONDA HHT 36AXB CORDLESS MOWER

HONDA HHT 36AXB is a cordless brushcutter powered by lithium-ion battery, delivers 1.8 KW thanks to which it manages to have exceptional performance in a robust structure.

The HONDA HHT 36AXB brushcutter, thanks to the state-of-the-art battery technology and its efficient brushless electric motor, has very low noise level, but maintains an incredible efficiency in any situation. The batteries are resistant to water infiltration, allowing professional gardeners to keep working even when the weather is not favorable.

The Nylon wire head ensures automatic wire replacement so that every single cut is precise and powerful. To help tackle the most stubborn vegetation, the HONDA HHT 36AXB brushcutter is equipped with a cutting disc and a three-pronged blade that makes the toughest jobs easier.

The HONDA HHT 36AXB brushcutter makes work easier and safer. The adjustable harness fits snugly around the shoulders and provides optimal balance while working.

Comfortable handlebar grip provides comfort, precision and the control to change direction with minimal effort on even the roughest terrain. The padding between your hips and the HONDA HHT 36AXB allows you to feel fresh even after a long day's work.

Lithium-ion batteries have been developed to provide our hedge trimmer's brushless motor with as much power and efficiency as possible, without compromising durability. Together, the battery and motor maintain optimal steel blade speed, without ever lowering the quality of cutting performance while working.

BATTERIES AND BATTERY CHARGER ARE NOT INCLUDED IN THE PRICE
