Product description:

VITRIFRIGO C270DP DOUBLE DOOR FRIDGE-FREEZER

The VITRIFRIGO C270DP series offers a cutting-edge solution for food preservation on large pleasure boats.

These built-in white refrigerators, available in both single-door and double-door versions, provide ample refrigerated space to meet all onboard needs.

With a total capacity of 271 liters and a freezer capacity of 78 liters, the VITRIFRIGO C270DP ensures abundant space for storing food and drinks during long sea voyages.

This refrigerator operates on 12/24Vdc power, with the option to use a dual-power control unit for even greater adaptability to different onboard environments.

With a nominal consumption of only 61W, it ensures optimal energy efficiency, contributing to extending battery life.

The VITRIFRIGO C270DP series also offers advanced features to ensure maximum hygiene and comfort onboard.

The Hygiene Control system provides total protection with new anti-mold and antibacterial seals,

while the High Light system ensures high-quality internal lighting for optimal food visibility.

With additional options such as the D Power system, which offers a dual-power control unit for flexible power supply, the VITRIFRIGO C270DP confirms itself as an ideal choice for those seeking a high-quality refrigerator for boats.

Thanks to its practicality, functionality, and reliability, this refrigerator will satisfy even the most demanding sailors.

12/24 VDC dual-purpose control unit is used to automatically and safely manage the 12 or 24 Volt power supply

Technical specifications VITRIFRIGO C220DP:

Total capacity litres: 271

Freezer capacity litres: 78

Net weight: 56 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 61W

Total width: 540 mm.

Total height: 1790 mm.

Total depth: 545 mm.

Reversible door: yes
